Social Values Policy

ISO Compliance Register Ltd is a specialist provider of compliance register software designed to support ISO Compliance Managers to achieve compliance to ISO Management Standards.

We recognise that our activity as a commercial business has a positive impact on our community and we are keen to ensure that we maximise those impacts wherever possible.

Aligned to the National Themes, Outcomes and Measures (TOMs), we have built a framework of objectives around the Social Value Measurement Framework. We will annually review our activities and set objectives to improve the community where we work, and wherever appropriate and applicable, to the communities that we serve. Our objectives will be related to:

- Jobs** We will work to improve Local skills and employment
- Growth** We will work to support the growth of Responsible Regional Business
- Social** We will work where we can to promote healthier, safer and more resilient communities
- Environment** We will plan our work to minimise the impact on the environment and work to decarbonise and safeguard our world
- Innovation** We will work where we can to promote social innovation

The Directors of the business have overall and final responsibility for ensuring that our policy on Social Values is embedded in our day-to-day policies and procedures. They will maintain day-to-day responsibility for ensuring this policy is put into practice.

This Policy is reviewed at regular intervals to ensure its continuing suitability.
